13. Adjournment

(Adjourned until February 1st, 9:30 a.m.)

January 20, 1992

TO: Board of Supervisors

FROM: Joseph N. Morgan, County Administrator

SUBJECT: Highway Matters

a. Follow-up From December Meeting

1. Fairlawn Volunteer Fire Department Entrance Warning Signs - The resident engineer was requested to provide additional clarification on installation of warning signs or signals.

2. PCHS School Zone Flashing Lights - Accommodation of the increased traffic entering Route 643, Cougar Trail Road, from Route 812, the Corporate Center entrance road, was requested. The increasing traffic from the industrial park does not have the benefit of the school zone warning, since entry is made between the existing flashing signals.

b. Brookmont (Altoona Avenue) Rural Addition - We have heard no offers from the

affected property owners to donate right-of-way. The Board had requested the rural addition be passed over if the right-of-way was not offered.

c. Route 738 Speed Review - Schrader Hill Area - Mr. Robert Whitman has requested the speed limit on Route 738, Robinson Tract Road, from the double bridges back towards the intersection with the Schrader Hill Road, be reviewed, since traffic coming towards the intersection headed into the Town of Pulaski is frequently traveling at a high speed.

d. VDOT Reference Book - See enclosed correspondence from the resident engineer. A copy of a detail reference "Guidelines for Highway and Other Transportation Issues" is being provided to each Supervisor. Should a Board member not wish to maintain the reference book, we will be happy to maintain it at our office.

cc: The Honorable Rose Marie Tickle, Treasurer

January 20, 1992

TO: Board of Supervisors

FROM: Joseph N. Morgan, County Administrator

SUBJECT: Reports from the County Administrator and Staff

- a. Scheduling of Joint Board of Supervisors/School Board Meeting - Monday, February 17th is recommended for the joint preliminary budget meeting. An alternate date would be Monday, March 2nd.
- b. Goal Setting Session - A Friday evening and/or Saturday daytime session during February is suggested. Response from Board members on locations, as previously submitted, are needed.
- c. Setting of Dates for Facility Tour - A mid-March to mid-April tour date is recommended for both the schools and solid waste disposal facilities. A Tuesday or Thursday school tour between Tuesday, March 17th and Thursday, April 16th might be appropriate. A Saturday solid waste disposal tour on March 21st or 28th or April 4th or 11th can be scheduled. These dates would allow best times for seeing solid waste disposal facility work in progress, but allow the tours before final decision on either school or solid waste facility budgets are necessary.

 1. Building Appeals Committee - Mr. Harold Dalton has agreed to be reappointed.

2. Planning Commission - Commissioners Andy Hall, who has been representing the Massie District, Larry Hancock, a member-at-large, and Basil Scott, representing the Draper District, are eligible for reappointment. Their terms expired December 31st. They are acting as carry-overs. Reappointment needs to be made as soon as possible to avoid questions of lack of quorum.

g. Female Inmate Housing - Chairman White has reviewed this matter with Sheriff Dobbins. It is their recommendation to add additional staff to allow female inmates to be housed. h. Scheduling of Public Hearings - Community Development Block Grant - Scheduling a hearing at the February Board meeting as suggested in the enclosed memo from the Assistant County Administrator is recommended.

i. Children's Library Programs Grant - Approval of the enclosed request for letter of support is recommended. No additional local funds are recommended.

j. Pulaski Theatre Donation - Authorization is requested to take necessary steps to accept a proposed donation by the heirs of the Dix family for the Pulaski Theatre building located on Main Street in the Town of Pulaski. The new assessed value of the property is \$75,000. It consists of a theatre building with balcony. The main floor covers 5,400 square feet. matter be placed for public hearing at the February Supervisors meeting to consider county enforced cleanup.

from the School Board.

p. Old Courthouse Bell Display - Approval of the enclosed recommended display plan

is requested, subject to the opportunity for input by the courthouses committee

- b. The Board may wish to discuss land acquisition and disposition as related to the courthouse expansion. We hope to have information available on options for parking and temporary locations for offices that need to relocate during the renovation. Insight from the Board on how to approach these matters would be most useful.
- c. The Board may wish to follow-up on discussions regarding regional industrial parks as it relates to land acquisition or disposition.
