12. Adjournment

October 21, 1996

TO: Board of Supervisors

FROM: Joseph N. Morgan, County Administrator

SUBJECT: Highway Matters

a. Follow-up from Previous Board Meetings:

1. Supplemental List Update - A November public hearing has been scheduled by VDOT. The resident engineer will probably submit a draft plan for the Board's review.
2. Route 807, Hatcher Road, Traffic Count - See enclosed updated traffic count for Route 807.
3. Route 602, Dry Branch Road - VDOT was requested to estimate cost of improvements for possible addition to supplement list. As requested, county staff has asked Norfolk Southern to confirm whether the railroad would allow use of right-of-way as emergency access during flood conditions.
4. Draper Mountain Wayside Plan of Operation and Maintenance Cost - See enclosed plan.
5. Truck Traffic Count on Route 611, Wilderness Road, from Route 660, State Park Road, to Route 682, Newbern Road - See enclosed results from VDOT's recent traffic count.

b. Speed Limit Request on Route 806, Ebb Hall Road - Mr. Bill Gessner requested speed limit posting on this road since his handicapped son frequently uses it as a pedestrian. He also inquired whether a smoother pavement or side lane could be added that would better accommodate wheel chair use. The road has a handicapped pedestrian warning sign.

c. Route 99 Widening Project - Enclosed is a request from the Town of Pulaski to the Commonwealth Transportation Board regarding the four laning of Route 99. This project is on the regional road needs request list which Chairman Sheffey presented at last spring's preallocation hearing. The town is interested in having the in town and out of town improvements built at the same time.

d. Request to Add Newbern Avenue to Rural Additions (located in FairAcres Subdivision) - It is recommended this road be added to the list to view this fall. See enclosed petition from residents of the road.

e. Request to Town of Pulaski for Patrolling Assistance - (Area off Robinson Tract Road Behind Gator Mart) - At the request of Supervisor White and Sheriff Dobbins, assistance by the Town of Pulaski was requested in removing graffiti from the water tower located in this area. The town painted the water tower; however, Sheriff Dobbins says graffiti continues to exist on the road that leads to the tower. When contacted, VDOT advised Sheriff Dobbins that improvements to this road would need to be requested by the Board of Supervisors.

f. Scheduling of Road Viewing - Supervisors are requested to choose a date for the annual road viewing, if a viewing is desired. Enclosed is a listing of requests which need viewing.

cc: Mr. J. D. Brugh, Resident Engineer

October 21, 1996

TO: Board of Supervisors

FROM: Joseph N. Morgan, County Administrator

SUBJECT: Reports from the County Administrator & Staff

a. A request by David Wood for an amendment to the zoning map from Agricultural (A1) to Agricultural (A1) with Commercial (CM1) to allow on-premise sign for adjacent property, on property identified on Pulaski County tax records as parcel 115 (1) Lot 4, owned by Douglas Cullip, located on the east side of Route 100, Wysor Road, in the Pine Run area of the Draper District - Enclosed is a letter from adjacent property owners indicating no opposition to Dr. Wood's rezoning request.

b. An appeal by Evelyn Alexander, Daniel King, and the Newbern Foundation of the Planning Commission on approval of a site plan for a 28' x 20' addition to the existing Newbern Molding building located on property identified on Pulaski County tax records as parcel 065 (1) Lot 41, zoned Residential (R1), located off Route 611, Wilderness Road, in the Newbern Community of the Draper District. - See enclosed revised site plan submitted by Jim Hennon, as requested by the Board at its August meeting. The major concerns from staff are:

1. The conflict between the dual entrance and exit ways required by the Virginia Department of Transportation and the existing overhead electric line; and
2. The lack of paving to the vicinity of the dumpster and propane tank, plus an equal depth on the other entrance/exit way, as suggested by the Planning Commission.

Enclosed is a site plan checklist noting any other compliance issues with the zoning ordinance.

c. VACO Legislative Program - Enclosed is the draft program by VACO. Comments for

presentation by county representatives attending the annual VACO meeting would be welcome.

d. Review of Key Activity Timetable - An updated timetable will be reviewed at the October 23 staff meeting and submitted for the Board's review.

e. Board of Supervisors Photograph - We have asked a photographer to be present to take a picture as the official Board photograph. Also, it has been our custom to send a thank you to appointees of the Board of Supervisors and various other individuals and agencies with which the county administration has frequent contact. In the past several years that thank you has been a "Christmas Card" type photograph. Staff has suggested the Board of Supervisors be highlighted in this years greetings. The suggested setting is the newly renovated Board Meeting Room. The board may want to include staff present at the meeting in the picture.

f. Appointments:

1. Library Board - Dr. Margaret Smith has accepted the Board's invitation to serve on the Library Board when a vacancy is created on December 31, 1996. Confirmation of the appointment is requested.

2. Office on Youth - Ms. Zola Lancaster does not wish to be reappointed when her term expires in December. Three additional appointees are needed.

3. Clean Community Council - It has been recommended Ms. Irene Morrison be appointed to the council.

FROM: Joseph N. Morgan, County Administrator

SUBJECT: Items of Consent

a. Minutes of September 23 & 24, 1996 - See enclosed minutes.

b. Accounts Payable - See enclosed.

c. Appropriations & Transfers - See enclosed. The Board is also requested to ratify the enclosed supplemental appropriation from Social Services.

d. Ratification:

1. Contracts:

New River Criminal Justice Academy Roof Repair - Enclosed is a memo from County Engineer Ron Coake explaining the new contract with Karl. H. Frye, Inc., which replaces the previous contract awarded to Blackstone Paving. The contract with Blackstone did not include costs for insulation.

2. Change Orders - Any change orders will be presented prior to the meeting.

3. Grant Applications:

a. C. E. Richardson Foundation Grant - Pulaski Passenger Station History Book - Ratification of the enclosed grant application for \$10,000 is requested.

b. Church Protection Grant - Ratification of the grant application, as well as acceptance of the \$4,600 grant award, is requested. See enclosed notice of award.

c. Domestic Violence Prevention Officer Grant - Ratification of the enclosed grant application for a domestic prevention officer is requested.

e. Personnel Changes - See enclosed update from Management Services Director Burchett of recent personnel changes.

f. Commerce Park Report - Staff is currently working on a concept map for the grouping of major potential industrial development property in the vicinity of

Dublin, Newbern, Pulaski and the New River Valley Airport. A map of the concept area and information on the possible promotion of the concept will be shared with the Board as soon as possible.
