RE: Special Presentation by Draper Aden & Associates

Mr. William Aden of Draper Aden & Associates appeared before the Board of Supervisors to make a special presentation. Mr. Aden advised this year marked the 25<sup>th</sup> anniversary of Draper Aden & Associates. To celebrate this anniversary the company wanted to recognize their long term clients with a donation to a worthy cause. Therefore, on behalf of Draper Aden & Associates, Mr. Aden presented to the Office on Youth Director, Anthony Akers, a check in the amount of \$1,000 to be used for youth programs within Pulaski County.

The Board of Supervisors expressed appreciation to Mr. Aden for the above donation.

3. Public Hearings

- a. A request by Richard Keith and Brenda Sue Smith for a Conditional Use Permit (CUP) to allow an automobile graveyard and salvage yard on property identified on Pulaski County tax records as parcel 080-001-0000-0013, 1.8 acres, zoned Agricultural (A-1), located on the south side of Caseknife Road (Rt. 758), approximately 600 ft. west of its intersection with Caseknife Ridge Rd. (Rt. 610), in the Robinson District.

County Administrator, Joseph N. Morgan, advised the Planning Commission recommended approval of the above request for a one year period with the following conditions:

1. Clean up outside storage;
2. No additional unlicensed vehicles be brought on the property;
3. Removal of existing vehicles to rear of property;
4. Fluids from vehicles be disposed of properly; and
5. Noncompliance with the conditions specified will be grounds for provoking the permit.

Chairman Sheffey opened the public hearing on this matter.

Mr. Richard Smith requested the Board approve his request for the conditional use permit. Mr. Smith advised he had no problems with complying with the conditions as set forth by the Planning Commission.

Mr. Claude Newman, adjacent property owner, requested the Board deny the request of Mr. Smith. He expressed concerns regarding the lack of plans for disposing of antifreeze.

Dr. Fariss advised the request, as he understood it should only be for an automobile graveyard and not for a salvage yard since Mr. Smith would not be operating a business.

Mr. Fred Hoggatt advised he was against all junk yards in the county.

No further comments were received; therefore, the Chairman closed the hearing on this matter.

On the motion of Mr. Conner, seconded by Dr. Fariss and carried, the Board of Supervisors approved the above request for a Conditional Use Permit to allow an automobile graveyard only, per the Planning Commission recommendation and subject to the conditions outlined above.

Voting yes: Dr. Fariss, Mr. Cook, Mr. Sheffey, Mr. White and Mr. Conner.

Voting no: none.

- b. A rezoning request by Tommy Odell from Residential (R-1) to Agricultural (A-1) with a Conditional Use Permit (CUP) to allow an automobile graveyard and Special Use Permit (SUP) to continue operation of a public garage on property identified on Pulaski County tax records as parcel 093-004-0000-0001, 1, 2, 10, total 2.3745 acres, located on the south side of Cecil's Chapel Rd. (Rt. 669), 300 ft. west of the intersection of Clapboard Hollow Road, (Rt. 668), in the Ingles District.

County Administrator, Joseph N. Morgan, advised the Planning Commission recommended approval of the rezoning request. Further, Mr. Morgan advised the Planning Commission had approved a special use permit with the following proffered conditions:

1. The special use permit will be personal to Tommy & Dorothy Odell and their children, not transferable;
2. The garage will never be increased in size more than 273.6 sq. ft. (currently 547.2 sq. ft.);
3. No more than 12 vehicles shall be parked outside at any one time, and only on the Odell property; and
4. Property must comply with VDOT entrance requirements and removal of existing outdoor storage (parts and debris) within one year, and after one year no outdoor storage.

Further, Mr. Morgan advised the Planning Commission recommended approval of the conditional use permit to operate an automobile graveyard for a period of one year with the following conditions:

3. Maximum size of fence area to be as shown on the site plan; and
4. Proffered conditions as submitted by the property owner.

Chairman Sheffey opened the public hearing on this matter for public comments.

Mr. Sam Campbell, Attorney for the Odells, requested the rezoning request be approved. Mr. Campbell advised the Odells had signed the proffered conditions that the Planning Commission had recommended. In addition, Mr. Campbell advised the auto graveyard is for personal use only and not a business.

No further comments were heard; therefore, Chairman Sheffey closed the public hearing on this matter.

On the motion of Mr. White, seconded by Dr. Fariss and carried, the Board of Supervisors approved the rezoning request by Tommy Odell, per the Planning Commission recommendation and above conditions, and per the proffered conditions offered to by the Odells. County Administrator, Joseph N. Morgan, advised the Planning Commission recommended approval of the revisions proposed. Further, Mr. Morgan advised approval by the Board of Supervisors will allow county citizens to continue to obtain flood insurance for their homes and businesses.

Chairman Sheffey opened the public hearing on this matter.

No public comments were heard; therefore, the Chairman closed the public hearing on this matter.

Dr. Fariss expressed concerns regarding the language in several sections of the proposed revisions regarding building near or around a floodplain area. He advised future development in a floodplain area could be impeded and very expensive.

Mr. Morgan reported the county would be fairly unique should the Board not approve the revisions. He suggested the Board approve the revisions and that staff contact insurance, financial, and real estate professionals within six months to determine what effect, if any, not offering the insurance would create. Mr. Morgan further advised the Board of Supervisors can always rescind any ordinance at any time.

On the motion of Dr. Fariss, seconded by Mr. Conner and carried, the Board of Supervisors approved the revisions, per the recommendation of the Planning Commission, subject to any corrections by FEMA, and subject to input by insurance experts and an evaluation by staff. A copy of said revisions shall be filed with the Office of the County Administrator.

Morgan, advised the Planning Commission recommends approval of this rezoning request with the understanding that the access easement to the Hunter property be relocated approximately 200 ft. north of the interstate ramp and easements for the installation of water and sewer to the Hunter property will be provided by the adjacent property.

Chairman Sheffey opened the public hearing on this matter.

No public comments were heard; therefore, the Chairman closed the public hearing.

For purpose of this section, term "Certified Tax Return" shall mean a tax return certified by the applicant or applicants for tax exemption or a Certified Public Accountant. The Commissioner shall determine if a return certified by an accountant is necessary.

4. Such exemption as herein provided may be granted for any year following the date that the qualifying individual occupying such dwelling and owning partial title thereto reaches the age of sixty-five (65) years or for any year following the date the permanent and total disability occurred.

**DEFINITION OF PERMANENTLY AND TOTALLY DISABLED:**

For purposes of this section the term "permanently and totally disabled" shall mean those persons who are unable to engage in any substantially gainful employment activity by reason of any medically determinable physical or mental impairment or deformity which can be expected to result in death or can be expected to last for the duration of such person's life.

Said determination of eligibility shall be evidenced by a determination of the Social Security Administration, Veteran's Administration, Railroad Retirement Board, that such person is permanently and totally disabled.

In the event any applicant for relief is unable to obtain such determination from the Social Security Administration, or the Railroad Retirement Board, than and in that event such disability and eligibility may be determined by a sworn affidavit from two (2) medical doctors who are licensed to practice medicine in the Commonwealth of Virginia or are military officers on active duty who practice medicine with the United State Armed Forces, that such person is permanently and totally disabled and unable to engage in any substantially gainful employment. At least one of the medical doctors making such affidavit must state that he has made a personal physical examination of such person.

EFFECTIVE DATE:

This ordinance shall become effective at its adoption by the Pulaski County Board of Supervisors with exemptions becoming effective with taxes assessed in the calendar year 1998.

b. Six Year Plan Adoption

Mr. Brugh advised that the property owners were unwilling to donate the necessary right of way for the Route 711, Mines Road, project listed as number two (2) on the proposed six year plan. He suggested since the right of way could not be obtained the money be allocated to another project.

On the motion of Mr. White, seconded by Dr. Fariss and carried, the Board of Supervisors adopted the following six year plan resolution:

WHEREAS, the Board of Supervisors of Pulaski County in cooperation with representatives of the Virginia Department of Transportation have prepared a proposed Six Year Plan for Pulaski County listing improvements proposed on the State Secondary Highway System in Pulaski County for which funds are to be budgeted in fiscal years 1998-2004; and

WHEREAS, a duly advertised public hearing was conducted at the County Administration Building in Pulaski, Virginia at 7:00 p.m. on October 27, 1997, for purposes of informing interested citizens of the proposed Six Year Plan and for soliciting public input into the planning process in accordance with Section 33.1-70.01 of the Code of Virginia of 1950, as amended; and

Supervisor White suggested some staff or advisory agency review future speed limit requests, possibly similar to that of the former Highway Safety Commission.

e. Speed Study Request Rt. 663, Owens Road

Ms. Connie Lee expressed concern over safety on a sharp turn near Claytor Lake Estates. Mr. Pratt advised the word “emergency” was probably not the appropriate word; however, the School Board felt it in the best interest of the taxpayers to fix the roofs and not patch them.
