SUBJECT: Executive Session – 2.1-344(A)

An executive session is requested on the following:

Legal Matters – Property Acquisition -

The State Park confirmed transfer of the Pioneer Maid boat to the county. Enclosed is the transfer acknowledgement document. Mr. McCarthy is reviewing the title transfer with the state and would prefer to make the transfer effective on shore.

Former owner Howard Barrett is continuing to marshal support for historic preservation of the former World War II PT boat hull. Mr. Barrett has requested permission to take the vessel to Harry DeHaven Park to tie up until he can arrange for removal. I have not approved his request. He advised me in a telephone conversation that he still maintains ownership and intends to anchor the vessel in the lake to avoid State Park seizure. I advised him such an anchoring is considered a mooring and would require zoning approval.

Mr. Crigger and Mr. Mayberry are preparing a demolition plan for the vessel to allow transfer to the landfill. The plan will seek to retain as much of the hull in one piece as possible, in case verifiable, bonded plans for the hull restoration are presented in a timely manner.
