

PULASKI COUNTY HEALTH SAVINGS ACCOUNT (HSA)

For the year beginning July 1, 2020, we will continue to offer the option for payroll deduction for adding extra money to your Health Savings Account (HSA). You have to elect the Anthem KeyCare HSA medical plan to have the benefit of the Health Savings Account. If you are electing the Anthem KeyCare Plus PPO, you are not eligible for the Health Savings Account.

HSA contributions may be made at any time throughout the calendar year. Pulaski County loads the employer contributions to the accounts in January of each year. Individual plans receive \$1,260, family plans receive \$2,508. An email will be sent out in December as a reminder for those that may want to increase their accounts in January 2021.
