Persons in Household _____

Trash Volume Low Because of: *Recycling Efforts _____ Small Household _____ Other _____

If Other Please Explain: _____

I hereby request a reduced garbage rate because I generate 32 gallons or less of trash every other week. I affirm that no more trash is generated (other than recyclables) by myself at this residence. All trash will be disposed of in accordance with State and local regulations. I will receive a trash pick-up once every two weeks and will have one bag or can (32 gal.) at that time. Any violation of this agreement will void the reduced rate and I will pay the normal rate at that time. I understand that I will not have free access to the landfill. Thus, there will be a charge for all items taken by me to the landfill.

*If recycling on the basis for the reduced rate request, you may be required to show volumes, location, dates, and material recycled in order to comply with the State regulations. Recycling applies only to items generated by your household.

ADDITIONAL INFORMATION**

CROSS CONNECTION AND BACKFLOW PREVENTION REQUIREMENTS

In addition to the other PSA regulations, water service regulations include, but are not limited to, the cross connection and backflow prevention control ordinance which prevents any connection to the system supplied by the Pulaski County Public Service Authority from any other water source unless the method of connection and use of such system has been issued a permit approved by the Pulaski County Public Service Authority. This ordinance gives authorization for inspection of the applicant's water system. Reference is given to the Cross Connection and Backflow Prevention Control Ordinance for a detail inspection and/or testing requirements.

NOTE: Customer may elect to provide individual meters or a master meter for projects serving multiple users. Customer should explore both options and billing rates for such connections.

1. If applying for water or sewer service, does this service require replacement of new water and/or sewer lines to be installed by the applicant to serve this property? YES NO

If yes, give building permit number: _____

NOTE: A building permit must be issued for the installation of any water and/or sewerlines installed by the owner prior to the provision of service by the PSA. It is the responsibility of the applicant, owner or agent to acquire this permit.

2. Residential connections do not require a backflow preventer. However, a backflow preventer may be required for commercial and industrial connections. The county engineer must review this application and note type of backflow preventer which may be required. Backflow prevention required?
 YES NO

CONNECTION FEES:

Domestic water connection fee: \$500
Domestic sewer connection fee: \$500

Other connection fees to be determined on an individual basis.
